

— YOU'RE IN

WELCOME TO LOCKDOWN LAB.

You didn't just sign up for a course — you joined the founding cohort of a Basketball IQ Academy. Over four live weeks on Zoom, you'll learn to read the game the way elite players do. Keep this pack close. It's your map.

THE FRAMEWORK · FOUR READS

Before every play, elite players scan four things in a split second. Master these and the game slows down.

READ 01

EYES

Where are they looking? Focus reveals intent — and gives away the next move.

READ 02

HIPS

Which way are they turned? Hips point toward the drive before the feet do.

READ 03

SHOULDERS

Where is the lean? Shoulders reveal balance — and which way they can't recover.

READ 04

TENDENCIES

What do they always do? Habits are the tell. Spot the pattern, win the rep.

**BASKETBALL ISN'T ABOUT MOVES.
IT'S ABOUT SOLVING PROBLEMS.**

— THE LOCKDOWN LAB

THE ROADMAP

Four weeks. One smarter player. Here's the path.

Week

01

SEE THE GAME DIFFERENTLY

Read information before you make decisions. The whole framework, applied to live film.

Week

02

YOU DON'T NEED THE BALL TO DOMINATE

Spacing, timing, movement and screening — change every possession without the ball.

Week

03

DEFENSIVE IQ

Read the offence before it happens. Anticipate cuts and kill advantages.

Week

04

BUILD YOUR PERSONAL PLAYBOOK

Turn four weeks of reads into your own decision system, built around your game.

WEEK 1 MISSION

BEFORE YOUR FIRST SESSION

Watch one quarter of basketball — any game. As you watch, hunt for these four things and bring them to the group:

- | | |
|--------------------------------|---------------------------------|
| 1 One smart decision | 2 One poor decision |
| 3 One advantage created | 4 One great communicator |

HOW TO SHOW UP

- Join Zoom **5 minutes early**, camera on.
- Have a **notebook** — you'll be taking reads.
- Find a **quiet space** where you can talk.
- Bring **one clip** of a player you love.

EVERY WEEK

- **Trickshot of the Week** — film your best, the lab votes.
- **Clip of the Week** — the smartest play, broken down.

- **Live film study** — read real NBA possessions together.
- **Leaderboard** — earn IQ points, climb the board.

SEE YOU COURTSIDE.
